Name

## Places and Industry

In this activity, you will work collaboratively with your group to learn about a place in Northern British Columbia (B.C.) and an industry that is found in that place. Then, as a group, you will write a funding application to receive money from the Government of Canada to support your industry in that place.

Places in Northern B.C. that you may inquire about include:

- Peace River
- Northern Rockies
- Kitimat - Stikine
- Skeena - Queen Charlotte
- Bulkley - Nechako
- Central Coast
- Cariboo
- Fraser - Fort George

Industries in Northern BC that you may inquire about include:

- Coal mining
- Wind farming
- Forestry
- Natural gas
- Wheat farming
- Fish farming
- Recreation and tourism
- Horticulture

*Note: some industries here may not be in all places in Northern BC*

**Our Place and Industry are:**

# Funding Application

Place:	Industry:
1. Describe the geography and major features of your place:	
2. Describe how you will use the funds to improve your industry in your place:	
3. Describe how your industry is beneficial for the economy of your place:	
4. Describe how your industry will minimize its impact on the environment of your place:	
5. Provide the three most important reasons why your place and industry should be funded by the Government of Canada.  I.  II.  III.
